Ranch Pleasure

The purpose of the ranch horse pleasure class is to measure the ability of the horse to be a pleasure to ride while being used as a means of conveyance from performing one ranch task to another. The horse should reflect the versatility, attitude and movement of a working ranch horse riding outside the confines of an arena. The horse should be well-trained, relaxed, quiet, soft and cadenced at all gaits. The ideal ranch horse will travel with forward movement and demonstrate an obvious lengthening of stride at extended gaits. The horse can be ridden with light contact or on a relatively loose rein without requiring undue restraint, but not shown on a full drape of reins. The overall manners and responsiveness of the ranch pleasure horse to make timely transitions in a smooth and correct manner, as well as the quality of the movement are of primary considerations. The ideal Ranch pleasure horse should have a natural head carriage at each gait. Horses shall be shown individually. Markers shall be set up to designate gait changes.

Start to the left of in gate on the right track.

W/T Ranch Pleasure

156, 157
