Paint Horse Club*

Hello,

I am a member of the Pacific Northwest Paint Horse Club, and we are having our Annual Paint Breed Approved and All Breed Horse Show on May 13th – 14th, 2023 at the Lynden Fairgrounds in Lynden, WA. This show draws competitors from Washington, Oregon, Idaho, and B.C.. Proceeds from the show help to fund other club programs such as college scholarships, youth development, a community help fund, and outside promotion of the equine industry and especially, the Paint breed.

Founded in 1982, the clubs' history is long and filled with enthusiasm and good will. We, the Pacific Northwest Paint Horse Club are a part of the American Paint Horse Association, a national and international association with a goal to promote and show the breed. The PNPHC also has a wonderful awards program in place to reward the hard work done by the youth, amateur and open exhibitors in our club.

Our main focus is the youth, for if there is no youth participation, there is no future. The APHA offers scholarship money, judging experience, leadership conferences, and life long friendships to its youth members. However, horse ownership is not cheap and competing with them costs even more. Our goal is to make showing as affordable as possible, especially for the kids.

We are seeking sponsors to help reduce the cost of the entry fees for the youth. Each sponsorship will help cover the cost of the youth entry fees which have been lowered 25% to 30%

Sponsor ads will be included in our program / pattern book, which goes to all our exhibitors and spectators for free. All we need is a business card or ideas / pictures and we can make an ad for you. Ads can also be emailed to you for your own use.

Please come and join in the fun, we will be promoting our sponsors through the entire show as a token of our appreciation. Tax ID # 91-1634735 Non Profit 501(c)(3)

Club representative _____ Thank You for your consideration.
